Good Morning Nancy:

We have experienced a few episodes of vandalism here at the Niagara Falls Boulevard Site on 9626 Niagara Falls Boulevard. Our portable toilets have been knocked over twice. More recently when we were off over the July 4<sup>th</sup> break (off on July 3<sup>rd</sup> and 4<sup>th</sup>). When we returned to the site on July 5<sup>th</sup> both portable toilets were on their sides. The portable toilets are subcontracted by my USEPA Contractor Guardian Environmental Services (GES). Two representatives are copied to this email. The portable toilet company informed us that during our week break (June 17-23), the toilets were tipped then as well.

GES called the phone number 716-286-4547 to report the incidents on July 5<sup>th</sup> but received no answer or voice mail option. Before I tried calling, I wanted to contact you and see what you suggest. I just want it on record that this has been occurring. We have seen people either using or toilets or trying to use the toilets. We do lock them at night and when we are off. That may be angering people who are living on the street.

Please advise.

Regards,

Eric
